Subject: EM - Task Group Report on Energy Efficiency - Government Response [SEC=PROTECTED]

Hi Matt

As Nat discussed with you, attached is an EM on actions the Government should take prior to its response to the Prime Minister's Task Group on Energy Efficiency – in particular modelling of the Energy Savings Initiative. Also attached is a draft letter for the Treasurer to Minister Combet requesting further modelling of the Energy Savings Initiative. A hard copy of the EM will be sent up in the rounds.

Cheers
