OFFICE OF THE AUDITING AND ASSURANCE STANDARDS BOARD

Section 1: Entity overview and resources

1.1 STRATEGIC DIRECTION STATEMENT

The Office of the Auditing and Assurance Standards Board (AUASB) is an Australian Government entity under the *Australian Securities and Investments Commission Act* 2001.

The functions of the AUASB are to:

- make auditing standards under section 336 of the *Corporations Act* 2001 for the purposes of the corporations legislation;
- formulate auditing and assurance standards for other purposes;
- formulate guidance on auditing and assurance matters;
- participate in and contribute to the development of a single set of auditing standards for world-wide use; and
- advance and promote the main objectives of part 12 of the Australian Securities and Investments Commission Act 2001.

The vision of the AUASB is to be recognised as a leading national auditing and assurance standards setter and a global centre of excellence.

The mission of the AUASB is to develop, in the public interest, high quality auditing and assurance standards and related guidance that meet user needs.

Key strategies during 2017-18 include to:

- increase confidence in assurance on external reporting by contributing to the development of, and convergence with, one set of robust international auditing and assurance standards;
- be recognised by key stakeholders as the standards-setting body that formulates and maintains auditing and assurance standards and guidance pronouncements to address local issues;
- provide thought leadership, identify and respond to emerging issues;

- communicate and engage with stakeholders to promote audit quality and increase engagement in developing standards and promote consistency in the application of AUASB pronouncements; and harmonise Australian and New Zealand Auditing and Assurance Standards; and
- harmonise Australian and New Zealand Auditing and Assurance Standards.

1.2 **ENTITY RESOURCE STATEMENT**

Table 1.1 shows the total funding from all sources available to the entity for its operations and to deliver programs and services on behalf of the Government.

The table summarises how resources will be applied by outcome (Government strategic policy objectives) and departmental (for the entity's operations) classification.

Information in this table is presented on a resourcing (that is, appropriations/cash available) basis, whilst the 'Budgeted expenses by Outcome 1' tables in Section 2 and the financial statements in Section 3 are presented on an accrual basis.

(c) Estimated retained revenue receipts under section 74 of the PGPA Act.

(d) Departmental capital budgets are not separately identified in Appropriation Bill (No.1) and form part of ordinary annual services items. Please refer to Table 3.5 for further details. For accounting purposes, this amount has been designated as a 'contribution by owner'.

1.3 **BUDGET MEASURES**

AUASB does not have any new budget measures.

Section 2: Outcomes and planned performance

Government outcomes are the intended results, impacts or consequences of actions by the Government on the Australian community. Commonwealth programs are the primary vehicle by which government entities achieve the intended results of their outcome statements. Entities are required to identify the programs which contribute to government outcomes over the Budget and forward years.

The AUASB's outcome is described below together with its related program. The following provides detailed information on expenses for each outcome and program, further broken down by funding source.

Note:

Performance reporting requirements in the Portfolio Budget Statements are part of the enhanced Commonwealth performance framework established by the *Public Governance, Performance and Accountability Act 2013.* It is anticipated that the performance criteria described in Portfolio Budget Statements will be read with broader information provided in an entity's corporate plans and annual performance statements – included in Annual Reports - to provide an entity's complete performance story.

The most recent corporate plan for the AUASB can be found at: Corporate Plan.

The most recent annual performance statement can be found at: Annual Performance Statement.

Table 2.2: Performance criteria for Outcome 1

The table below details the performance criteria for program 1 associated with Outcome 1. It also summarises how each program is delivered and where 2017-18 Budget measures have created new programs or materially changed existing programs.

Outcome 1

The formulation and making of auditing and assurance standards that are used by auditors of Australian entity financial reports or for other auditing and assurance engagements.

Program 1.1 – Office of the Auditing and Assurance Standards Board

The key strategies to achieve Outcome 1 are:

- making auditing standards under section 336 of the Corporations Act 2001 and related guidance for use by Australian auditors who are undertaking audit engagements for the purposes of the Corporations legislation, including facilitating and monitoring the implementation of the Australian Auditing Standards;
- formulating auditing and assurance standards and related guidance for use by Australian auditors who are undertaking auditing or assurance engagements for purposes other than the purposes of the Corporations legislation; and
- providing Australian participation in, and contributing to, the development of a single set of auditing standards for world-wide use. In this regard the AUASB will continue to participate in key International Auditing and Assurance Standards Board (IAASB) projects on auditor reporting, the auditor's responsibility relating to other information, auditing financial report disclosures, the project on agreed-upon procedures, and the Innovation and Integrated Reporting Working Groups.

Section 3: Budgeted financial statements

Section 3 presents budgeted financial statements which provide a comprehensive snapshot of entity finances for the 2017-18 budget year, including the impact of budget measures and resourcing on financial statements.

3.1 BUDGETED FINANCIAL STATEMENTS

3.1.1 Differences between entity resourcing and financial statements

There are no material differences between entity resourcing and the financial statements.

3.1.2 Explanatory notes and analysis of budgeted financial statements

In 2015-16 there was a restructure between AUASB and the Office of the Australian Accounting Standards Board (AASB) with an arrangement for AASB to provide corporate services for both entities. Under the arrangement, AASB charges AUASB a management fee for providing corporate support.

The comprehensive income statement is comprised mainly of employee expenses relating to technical staff and supplier expenses relating to AASB management fee. These items are projected to be steady over the budget and forward years.

The balance sheet is predominantly comprised of receivables and provisions relating to the accounting of unspent appropriation and employees.

Other financial items are immaterial in movements.
