Section 22 – FYI – Section 22 puts together this useful summary of infrastructure-type issues (including NAIF) for the IRAU Unit daily – just let her know if you would like to be included on the list.

All – wondering if you caught four corners last night (The End of Coal?): <http://www.abc.net.au/4corners/stories/2015/06/15/4253096.htm> It was a good program that covered the relationships between the Adani proposed coal mine (Carmichael mine) in north Queensland, the Abbott point port, the coal price, domestic coal production in India and China, renewables etc etc. Worth a look if you have a moment.
