Security Classification:

Section 22 but just need to brief him up on switchover all up (what's already happened, and what's new) Thanks heaps. Will look over this and get back to you.

Best

Hi

Attached are some points on the status of switchover,

Section 22

We've included detail on the 2011-12 Budget measures, but note that these have not yet been announced.

Section 22

If you're after any more detail, please let me know.

Cheers

Hi All,

The DPM is chatting to Katter today and would like some talking points on switchover . Wondering if you can please do up a few points explaining our package, particularly what's happening next

Section 22

Section 22 . Can you please provide whatever you can pull together in this time by midday.

Sorry for tight turn around. I'm in the suit on if any questions.

Thanks

Section 22

In the 2011-12 Budget [NOT YET ANNOUNCED]

- The 2011-12 Budget will include a measure providing funding of \$376.5 million over four years to continue the provision of assistance for the digital switchover.
 - This means that eligible households in regional New South Wales, Western Australia, in remote areas, and in metropolitan areas, will have access to the household assistance package that was provided for regional South Australia, Victoria and Queensland in the 2009-10 Budget.

- Most elements of the measure in the 2009-10 Budget – including a communications campaign and work with the antenna installation industry – will also continue under the new measure.

Section 22
