FYI – S22 just called and, among other things, was asking for the specific figures below. I told him the figures rounded to the nearest 10,000, and that we could provide the exact figure, but warned him that these are just estimates, and there is sufficient uncertainty to warrant rounding to at least this magnitude. He seemed happy with that.

Hi S22

Please see estimated split of LISTO recipients by gender in 2017-18.

F	1,993,214
M	1,299,544
All	3,292,758

Regards
S22
