Hi

The attached MR looks fine to me. Just reading the second sentence of first para in email immediately below, we may want to confirm (again) that Treasury has not prepared any draft (or final) report.

– as discussed, attached is the media release we've received from the AT's office asking for us to publish on the AT's website. There is a reference to Treasury in the second paragraph, which I assume has come from the draft report which is not being released (info below).

Can you please have a quick look and let me know if there are any issues with publishing this. The AT's office have already distributed it to their own mailing list, so if there are any major issues we'll need to work it through with them.

Thanks
