Matthew

Further to my previous message and following a closer examination of the list of previous Board members, it appears there may have been three members of the Board resident in Queensland at the time of their appointment. However, we do not have that sort of information on file, so have based our assessments on biographical notes and drawn inferences where necessary:

Sir William Gunn (1960-1977)  
Sir Donald Hibberd (1966-1981)  
Sir (Ronald) Gordon Jackson (1975-1990)

Anthony

Anthony,

Prior to the most recent Board meeting, the Secretary queried who was the last non-executive board member who was a resident of Queensland at the time of their appointment to the Board (excluding members from academia). Would you be able to assist us with this query?

Please contact me if you require any further clarification.

Thanks
