section 22

section 34

section 22

Publication

No official guidance.

We are working on principle that high level messages from modelling will be in the DCCEE package document – aim is for end June.

That there will be a separate summary modelling report – similar to the small printed pub from ALPF – aim end June.

Drafts week 23-30 May

Draft to Ministers offices 13 June

Printer – 24 June (needs to be 5 working days before needed)

We will be preparing a longer write up for web distribution – aim end June.

Consultants reports to be put on the web – aim is end June, but may be a bit later.

We are working on principle that Treasury will be printing the modelling document and putting the modelling on the Treasury web page – as before.
