Net cash receipts for tobacco excise and excise equivalent customs duty

Note: Both Australian Taxation Office ('ATO') and Department of Immigration and Border Protection ('DIBP', formerly the Australian Customs and Border Protection Service) data are presented on a net receipts basis, which for DIBP is not directly comparable to tobacco excise equivalent duty receipts numbers reported in the Commonwealth Final Budget Outcome which are presented on a gross basis. The net excise amounts were calculated as gross receipts minus refunds (including exports¹) by month of payment for the ATO, and month of processing for DIBP. The ATO totals, but not those from DIBP, are also net of refunds relating to tobacco products destroyed with the introduction of plain packaging. \$96,603,095 in refunds were paid in aggregate under the DIBP plain packaging related Tobacco Refund Scheme between December 2012 and May 2013. These refunds cannot be related to monthly net receipts on a comparable basis to other DIBP data presented in this document.

ATO net excise receipts
