Security Classification:

That would be a great help. and I will come and see you at 4:30.

Many Thanks

Subject: continuous disclosure requirements and anti-competitive price signalling

Hi

Currently our unit is working on the proposed anti-competitive price signalling amendments to the *Competition and Consumer Act* (previously the *Trade Practices Act*). We are currently in the process of finalising exemptions. I was wondering if you are available sometime this afternoon (we have another meeting from 2:30-3:30 however), or tomorrow morning to discuss continuous disclosure requirements with you? The DPM's office has instructed us to talk to CFSD about this matter.

Unfortunately we are working under a tight frame so if you could get back to me as soon as convenient, this would be much appreciated.

Many thanks
