

HI Beck

This is an important issue for all wine producers, yet particularly for the smaller producers. Our costs of production are higher relative to love volume production and therefore we are unable to be absorb any increase to in costs. This tax increases our retail price point severely impacting our ability to compete in the market place.

Welcome the opportunity to voice our intentions to do what we can to
Stop this tax

Subject: FW: Wine tax

Please see attached a letter Council received regarding possible changes
To the taxation of wine.

Can you please let me know if you see this as an issue for your
business?

Kind Regards

Beck
