Subject: Comments on discussion paper ""Handling and Use of client money in relation to over-the-counter derivatives transactions"

My name is Brendan Sutton, of 91 Totterdell st Belconnen 2617 (m0407 816491).

I have been trading CFDs under the Direct Market Access and Market Maker models for about 7 years

I have read the submission made by Alan McGrath on 26/1/2012. Alan and I have know each other for many years, and we trade through the same provider. I understand and strongly agree with the comments made in that submission.

Brendan Sutton
