Submission on Stapled Structures – Integrity conditions for transitional rules and infrastructure concession
14 August 2018

The Tax Justice Network Australia (TJN-Aus) welcomes this opportunity to make submission on the *Treasury Laws Amendment (Making Sure Foreign Investors Pay Their Fair Share of Tax and Other Measures) Bill 2018*. The TJN-Aus supports the Bill and seeks its rapid introduction into the Parliament as part of the government's reforms to address the abuse of stapled structures to aggressively avoid paying the corporate income tax rate on certain profits.

The TJN-Aus supports the non-arm's length income rule as a measure to safeguard against aggressive cross staple rent pricing for sectors that have readily available data on comparable Australian third party market transactions.

The TJN-Aus supports the concessional cross staple rent cap on economic infrastructure facilities.

Background on the Tax Justice Network Australia

The Tax Justice Network Australia (TJN-Aus) is the Australian branch of the Tax Justice Network (TJN) and the Global Alliance for Tax Justice. TJN is an independent organisation launched in the British Houses of Parliament in March 2003. It is dedicated to high-level research, analysis and advocacy in the field of tax and regulation. TJN works to map, analyse and explain the role of taxation and the harmful impacts of tax evasion, tax avoidance, tax competition and tax havens. TJN's objective is to encourage reform at the global and national levels. The Tax Justice Network aims to:

- (a) promote sustainable finance for development;
- (b) promote international co-operation on tax regulation and tax related crimes;
- (c) oppose tax havens;
- (d) promote progressive and equitable taxation;
- (e) promote corporate responsibility and accountability; and
- (f) promote tax compliance and a culture of responsibility.
