

Attention: Mr. David Murray,
Chairman, Australian Financial Systems Inquiry.

Dear Mr. Murray,

I appeal to you in your position to enable me to buy Australian Government Treasury Bonds.

I have been informed that I can only do this through a Broker or a Financial Planner. On inquiring, Brokers only purchase the Treasury Bonds as EFTs, an avenue that I do not want to take, whilst on inquiry to Financial Planners I am told that they do not buy the Bonds for clients.

Subsequently, I have been advised of a third method method of acquisition being a personal on-line trading account that I do not have, leaving me still dis-enfranchised, without a solution to purchase the Bonds.

With respect, I ask you to assist me through the obstacles imposed preventing me from investing in my country.

Yours Sincerely,

P.L. Coué.
