

As an Australian Resident and a Self-Funded Retiree, I DO NOT want any Legislation either State or Federal to interfere in any way what-so-ever with my Retirement Funds lodged in a Bank Savings Account.

I also DO NOT want any Australian Bank that is taking Australian Residents Deposits to invest these monies in any speculative enterprise. These funds MUST only be invested in Australian Homes and Australian only capital enterprises.

Failure to ratify these demands will result in all funds being immediately withdrawn thus causing a run on Bank Depositors Holding.

Thank you for your consideration.
