

I oppose the push for a bail-in law to prop up TBTF banks, and I support a Glass-Steagall separation of banking instead.

Where did the MPs and Senators go to school at ???

Lawyers are not Financial advisers, wake up to the World.... MPs and Senators.

I wrote a 30 page Financial Analysis about the fall of the 3 major automobile companies in 1988 and predicted the bankruptcy of GMAC by 2008 and Chrysler being bought out by 2008 and Ford would stay family owned.

I was the (youngest ever) Board Member of the Summit County Machine Shop Group and in 1995, I told members that if we did not do something about China and Free Trade Agreements, we would not be around for long.

When I moved to Australia in 2005 (for I saw the downfall of the USA) less than half of the SCMSG members were still in Business in 2005.

Now, I see Australia following the same downward path that the USA took in the past.
