To the Financial System Inquiry.

DO NOT GAMBLE WITH THE BANK DEPOSITS of the AUSTRALIAN PEOPLE.

LEGISLATE FOR GLASS-STEAGALL. —

That the Australian Federal Government, separate, commercial/retail banks from Merchant/Investment Banks through Government legislation

THE AUSTRALIAN PEOPLE must NOT become the BANK SLAVES of LONDON & WALL STREET.

The Australian Government must uphold the common good of the people. — like Singapore the superannuations of the Australian people and other savings should be managed by the Federal Government and used in infrastructure projects.

Is it more than that the Big 4 Banks & Macquarie, that their speculation in derivatives exceeds \$24 TRILLION against Australia's GDP of \$1.6 TRILLION — This \$24 trillion is worthless, the Australian people must not bail it out

SUPPORT GLASS-STEAGALL
