

Hello Mr David Murray,

Please accept this letter as a request  
for re-instatement of a banking system  
which served us well over a period of  
several years - Namely "Glass-Steagall"  
Your contribution for this to proceed  
will be greatly appreciated. I see little  
use to provide facts & figures as your  
knowledge plus experience gained over the  
years would make yourself fully  
aware of "Glass-Steagall"  
attributions for peoples & countries planet  
wide - Bail in legislation is akin to  
asking Dracula to deliver blood to the  
Red Cross Society - Not on Mr Murray -  
Realising pressures you are placed under  
the adoption of "Glass-Steagall" would  
be difficult & yet so well worth while
