No to bail in of Bank deposits
I support a Glass - Steagall separation of
banking instead

We do not need more of the same financial
deregulation which has helped cause the
present crisis.

The Glass - Steagall law in the United States
so successfully from 1933 until its repeal in 1999
the world went ahead & every one was happy.
with the people were happy & the world prospered
with out this there is a crisis & we will perish

I support Glass - Steagall all the way.
