Manager  
Black Economy Division  
Langton Cres  
Parkes ACT 2600

Dear Manager

I am writing in regard to the proposed Currency (Restrictions on the Use of Cash) Bill 2019.  
I oppose this bill as it is a violation of our personal rights. Not everybody wants to be at the mercy of the banks when it comes to saving, storing or using our finances.  
If this bill passes, who's to say what will be next? Could \$10,000 be reduced to \$5000 or less? Will the banks take advantage of its customers (as we know too well that they do) and start charging extra fees for transactions knowing our only option is to use them for large transactions?

How an individual decides to store their money and make their purchases is not anybody's business but their own. We are all getting pretty fed up with our personal rights being removed. Leave us alone.

I oppose this bill.

Kind Regards  
Raina Cruise
