Dear Manager

I am going to make what  
I said different. As I have  
books and some tapes  
from Top USA patch agents  
psychiatrists so I'm giving  
into the cash bank thing.  
This is not just facts  
about parent child rules  
trying to control people  
choices. The LMP part  
people and you all  
come home with abuse  
and control so none of  
you except others  
so you all are parental  
codependent have  
addictions to behaviors and  
things. And none of you  
come from a with a  
love and learned  
respect for others.  
And love and truth comes  
from god not from a  
papal worship church  
which is of occult.  
No person was ever  
created to be controlled  
but another person of

god. He created people  
with free will. Freedom  
comes from him. Ph  
Henry Cloud says when  
we are Adult we are  
to make our own  
choices no one can  
make choices for us.  
Parental people have  
very low levels of  
Maturity. The danger  
Reject people being  
Adult + treat like child  
Boundaries apply to  
every area of life  
our personal phd  
Lina says Dr Cloud  
and they are laws of  
god and Jesus Christ  
and no is exempt  
laws apply to them  
they created boundaries.  
Breaking god's laws is  
a law noticed. Politics  
are there to be servants  
of a not master. We put  
them there we are  
ourselves not them.  
Viktor Frankl is a  
Jew who was in  
Auschwitz and he says  
that are people that

Jesus Christ has made it  
clear no mistreating  
people. He said do  
not steal. We are to  
treat others how we  
want to be treated.  
Stealing people's rights  
is to cross a line and  
that's off fence yard and  
polling to want to do.  
And to want to loan cash  
is telling people how  
to live and that's off fence  
people are entitled to  
want to live the way that  
one is entitled to own  
people's life choices.  
Jesus Christ will be  
back. This century will be  
the judge of people.  
The LNP will get a  
judgment of condemnation  
he sent them to  
bottomless heat with  
turned heat that  
their destiny is that  
and this world will be  
god will make a new  
world one day with no  
accan.
