RE: Currency (Restrictions on the Use of Cash) Bill 2019

To whom it may concern "Treasury"

I hereby wish to register my ***opposition*** to the implementation on the draft Currency (Restrictions on the Use of Cash) Bill 2019 in any form.

The reasons provided to Australians for the necessity to implement this bill don't stack up, amongst other things, there are already many rules and processes available to eliminate the "blackeconomy".

I trust you will take my concerns on board.

Yours sincerely

Mark Doubell
