I wish to oppose the Exposure  
Draft - Currency (Restrictions on the use of Cash)  
Bill 2019. This law is designed to ban  
transactions over \$10,000.00. This is just another  
form of bail-in policy when we should be  
implementing Glass Steagall legislation to  
to have a permanent reform of the banks  
and protect peoples savings as banks  
must fail. because the economy is designed  
for them to fail.

Yours Sincerely  
Graeme Muldoon.
