

I request that the Consultation Closing Date be extended and this specific matter be published in the press.

This aspect has not been made public in the media until today by WAM.

Your explanatory were drafted by the same lawyer and shed little light on what the problem is and no example given to help clarification of the disputed style of dividend.

Franking was legislated by Labour, PM Keating.

This new tax just like another type of **Robo Debt** that Morrison started. Back dated to where Morrison gave up after pressure from Labour then.

Initial thoughts is the rules of accounting need to looked at if Capital is getting into the Profit and Loss Account then dividends.

If I contributed to the capital then it is a Return of Capital?

Remember some of us older mum and dad investors don't eat meat that often per week Alan Wilson
