Subject: Consultation

EXTERNAL EMAIL: EXERCISE CAUTION AND ENSURE CONTENT IS SAFE

Dear payday super, I'm emailing not because this affects me as I'm retired but for younger people who've lost out of their super due to non payment by employers.

I've got friends whose children have experienced this.

Super should be paid on payday so companies who become illiquid later do not escape their obligations. Happens too often sadly and usually to those who need it most.

Mary
