

Dear Sir or Madam,

Please could you also include tariff 39239000 in the abolition of duty.

We are a small manufacturing business that export depilatory products around the world. The above tariff refers to a 2 part roller cartridge that we import from Italy – there is no local manufacturer and it would make us more competitive if the duty was removed.

We can ask for duty drawback but the quantities we send per shipment do not make this economically viable to do,

Please do not hesitate to contact me if you need further information,

Regards
