

I vehemently object to the inclusion in this 'Tariff Reform: Removal of Nuisance Tariffs' of any Chinese produced/manufactured components that are part of the unethical, Fake Green RenewaBULL Solar/Wind/Battery Energy Poverty Grift & Ponzi Scheme/Scam - ie. Chinese Solar Panels that leach heavy metals - including lead, Bisphenol A shedding Wind Turbines, Filthy, Fire Hazardous Batteries & EVs that can be remotely disabled - all recklessly ruining Australia's Environment, Economy, Food Security, Independent Energy Security & National Security.

It is essential that Australian relies on our own sovereign, ethical, reliable, efficient, plentiful, secure, superior, 24/7 Australian energy resources - including Coal, Gas & a clean, safe Nuclear Power Future.

The Federal Government has become an autocratic dictator - prioritising the Chinese Communist Party's UNETHICALLY PRODUCED, TOXIC RENEWABULL JUNK, turning against the Australian people who are being cruelly tortured by the Government's ECOCIDAL RenewaBULL Swindle - causing A TRANSITION TO EXTINCTION & SABOTAGING THE COUNTRY - ENABLING BEIJING TO TURN OUR LIGHTS OFF.

I also absolutely object to Australia suspending anti-dumping tariffs targeting Wind Towers from China as these are totally destructive monstrosities - torturing families & contaminating rural Australia with toxic Bisphenol A shedding from a turbine blades over our Food Resource land & vital Water sources.

CCP Solar, Wind, Battery, EV & unnecessary Transmission Line JUNK is causing Skyrocketing Electricity Prices = Cost of Living Crisis!

These unethically produced products are against the Commonwealth Modern Slavery Act 2018.

Joe Rogan exposes sad truth about cobalt used in electric vehicle, iPhone batteries | news.com.au — Australia's leading news site.

Cobalt is in all iPhones, tablets & crucially EV's - it maximises charge & stability.

Before anyone knew what was happening the Chinese Government & Chinese companies took control of almost all of the big mines in the Congo, with the local population displaced & the Congolese people under duress - digging in subhuman, gut wrenching conditions - using all raw human force - clanking the cobalt out of the ground!

Throughout the whole history of slavery, never has there been more suffering that generated more profit than was linked to more lives of people around the world than what is happening today in the Congo - mining cobalt in appalling, heart wrenching & dangerous conditions.
