

Australian Government

Australian Government response to the
Joint Committee on Corporations and Financial Services
report:

Corporations Amendment (Improving Outcomes for
Litigation Funding Participants) Bill 2021

May 2024

Response to the recommendations

Dissenting Report by Labor Members - Recommendation 2

If the Government insists on proceeding with the bill, it should not do so until:

- The bill has been the subject of a proper inquiry process (whether by this committee or another parliamentary committee). Necessarily, such an inquiry must provide witnesses with sufficient time to respond to questions.
- The Attorney-General's Department has comprehensively addressed, in writing, the concerns raised by Justin Gleeson SC and other legal experts about the constitutionality of the bill.

Australian Government response

The Government **notes** this recommendation. However, given the passage of time since this report was tabled, a substantive Government response is no longer appropriate.
