

## Postal Banks

To Whom it May Concern,

I am writing because I feel very strongly about having Postal Banks. The four major banks are closing banks everywhere which makes it difficult for elderly people who do not have the knowledge of the internet to do their banking with internet, and a lot of people do not want to change the way they bank. There is also the problem of living in isolated suburban areas and it would help to have a postal bank in such areas to help people with their banking in their local area, due to limited transport and the convenience for especially older people. I am requesting that Postal Banks should be established.

Thank You,  
Rhonda Blatchford
