

Post bank

to whom it may concern

australia needs a regional banking system

- Guarantee banking services to all Australians;
- Guarantee income to Australia Post and LPOs, ensuring the long-term viability of postal services across Australia (so they never have to beg from the private banks again);
- Guarantee *all* deposits of CPSB customers;
- Support the cash payments system, so that cash is always available in the economy (whereas the private banks are aggressively trying to phase out cash to trap people in electronic transactions that have to go through banks);
- Lend to individuals, business and industries in the local communities the CPSB serves (which are increasingly starved of credit by the private banks); and
- Invest surplus deposits in a national development bank to invest in major infrastructure and industry development in regional Australia.

dont let the politicians destroy australia just for their own gains
