

Post Bank Australia

Good morning,

May I add my support for a full enquiry and establishment of an Australia Post FULL banking facility at all Australia Post branches.

I am of the opinion after dealing with major banks thru my business experience that I am treated as a pawn.

For instance, why when I turned 75 my bank wished me a Happy Birthday BUT in the next breath advise that I will not have access to continued business funds, long and proven accounts were limited to perhaps, after reporting to Head Office, maybe could manage a maximum lending facility of \$5000. With a 1.6M house as collateral???

I challenged, if they thought that I will not live longer enough to repay any loan funds..... the response was, " its not my decision, it is the company policy at head office!". 40 years as a loyal (perhaps dumb) customer.

Please get it tabled ASAP.

Kind regards

Ron Heindorff
