

Regional banking inquiry

Dear sir or madam;

I would like to make a submission to the Regional Banking Inquiry.

My submission is that I would like to see all Australia Post Offices become Banking outlets. Because of the lack of Bank branches in Regional areas, and the ever present threat of closures of the ones that still operate on very limited staff. Making Australia Post branches Banks, can only benefit the Regional Communities and make the big four Banks more competitive.

“THIS HAS TO HAPPEN”, so the Country can get back on its feet again, and everyone can be treated equally and have faith in the Banking Institutions again.

My Name is; Bruce Lowerson.

Thankyou for your time, and I hope my submission gets through.

Bruce Lowerson.
