

Wee Waa lack of banks availability to the community and my business

To whom it concerns,

I am peeved at ANZ and NAB banks for there closures in our small town.

I have successful Engineering and Fabrication shop in this community and most of our clients still use cheques and cash.

The anz and nab closures now forces us to travel to our next town which is Narrabri to do our banking. Mind you this is a 45mins drive one way trip and the cost to our business is to pay our office manager to go up to do the banking ...it is ridiculous and the town and our business just doesn't need ...to top it off we just went through a drought,mouse plague,covid and now we are flooded in. We are now isolated from Narrabri and cannot do any banking at all.

From

A fed up local small family business owner and a Wee Waa local resident !!
